Nancy Beach is returning to Canada for a fifth time to engage more women with her message of encouragement and hope. Gifted to Lead: An Interactive Forum for Women is coming to Edmonton on Friday, May 7, 2010.

Gifted to Lead is a unique event designed for women - especially for women with spiritual gifts and abilities in leadership. **Four distinct sessions** combine both teaching and guided dialogue with other women leaders on topics including:

- Embracing and growing your gifts as a leader
- Navigating the unique challenges women face
- Finding your unique voice
- Strengthening your leadership style
- Communicating boldly and effectively
- Leading and managing power wisely within your unique culture
- Creating a rhythm of life that works for you
- Leading through the seasons of family life
- Learning how women can become advocates for one another
- Mentoring and developing the gifts of other women

Here are some testimonials of Canadian women who were impacted by Gifted to Lead:

"I feel so blessed to have been poured into by a woman with such experience in leadership both with women and men. Nancy touched on topics that only a woman in leadership could dare touch on and did so with such tact."

"It was encouraging to see many church families represented in one room, at one conference. I truly believe we are One Body. Hallelujah!"

"It was great to combine with other women leaders and to hear Nancy's experiences and stories and realize that I am not alone. It encouraged me to keep my eye on my call and not apologize for my leadership gifts."

"So much of the information provided is relevant to all women, whether in leadership in the church or not."

The Super Early-Bird deadline is March 9. **Register today** to receive the best rate. Your registration fee includes lunch. Make it a girls' day out!
